

## FRONTLINE FUNDING & REFUND PROTOCOLS

**Introduction :** *Agape Light Network operates with brutal financial transparency and zero administrative waste. When Strategic Partners align their resources with us, those funds are treated as frontline ammunition, deployed directly into the brick kilns of Vehari. Because of the urgent and irreversible nature of our rescue operations, we strictly adhere to the following financial protocols.*

**1. ALLOCATED KINGDOM DEPLOYMENT** All financial contributions, whether submitted via direct International Bank Wire, Rapid Transfer (Western Union/MoneyGram), or online gateways (PayPal/Card), are classified as direct Kingdom investments. Agape Light Network is not a commercial entity selling goods; we execute physical and spiritual rescue missions.

**2. THE NO-REFUND DOCTRINE (IRREVERSIBLE ACTION)** Once your funds are deployed to the frontline—whether to clear a \$500 generational debt, fund a Mass Healing Crusade, or print translated theological manuals—the action is permanent.

- We cannot "un-rescue" a family.
- We cannot retrieve funds that have already legally cleared a slave's debt.
- Therefore, **all strategic funding and donations are strictly non-refundable once deployed to the ground.**

**3. EXCEPTION: TECHNICAL ANOMALIES & DOUBLE CHARGES** We recognize that third-party financial gateways (such as banking portals or PayPal) can occasionally experience technical errors.

- If your account is accidentally double-charged, or if you made a severe technical error in the transaction amount, you must contact our command center **within 48 hours** of the transaction.
- If the funds have not yet been deployed into an active field operation, our financial team will investigate and process a correction or refund for the duplicated amount.

**4. ABSOLUTE VISUAL ACCOUNTABILITY** We do not offer "money-back guarantees"; we offer **absolute visual accountability**. Instead of traditional refunds, we provide our Strategic Partners with unedited, real-time field intel. When you fund a mandate, you will receive tactical reports, photographic evidence, and live operational updates demonstrating exactly where and how your funds shattered the darkness.

**5. CONTACT FINANCIAL COMMAND** If you experience a technical billing anomaly or require immediate clarification regarding a recent transfer, directly contact our operations command:

- **Command Center:** Agape Light Network
- **Lead Commander:** Rev. Azeem Tariq
- **Official Email:** agapelightnetwork@gmail.com
- **Official Email:** pastorazeem3535@gmail.com
- **Direct WhatsApp:** +92 309 799 0325
