

FRONTLINE PRIVACY POLICY & INTEL PROTECTION

Introduction Agape Light Network operates on absolute transparency and uncompromised integrity. We do not just protect the physical and spiritual lives of the enslaved in Vehari; we fiercely protect the privacy and data of our Strategic Partners. This policy outlines how we collect, utilize, and secure your information.

1. INFORMATION WE COLLECT (TACTICAL DATA) To effectively execute our frontline operations, we collect essential information when you initiate a strategic alliance, sponsor a project, or contact our command center. This includes:

- **Personal Identification:** Full name, official leadership title, ministry/organization name.
- **Contact Intel:** Official email address, WhatsApp/mobile number, and country of residence.
- **Financial Data:** Transaction details, wire confirmation receipts, and sponsorship history (Note: We do not store credit card numbers or banking passwords on our servers).

2. HOW WE USE YOUR DATA (OPERATIONAL DEPLOYMENT) We strictly use your information to advance the Kingdom mandate. Your data allows us to:

- Execute and process your \$500 Direct Debt Rescues and mass crusade sponsorships.
- Send you real-time tactical briefings, frontline impact reports, and visual evidence of your investment.
- Coordinate long-term strategic alliances and respond to your direct inquiries.

3. ZERO-COMPROMISE DATA PROTECTION We absolutely despise corporate data brokering. Agape Light Network will **never** sell, rent, trade, or expose your personal information to third-party marketing agencies. Your data is treated as highly classified frontline intel and is only accessible to authorized command leadership directly overseeing operations.

4. FINANCIAL SECURITY & GATEWAYS We utilize secure, internationally recognized channels for funding, including Direct Bank Wires (MCB Bank) and Rapid Transfers (Western Union / MoneyGram). Any financial intel you share with us is handled with extreme confidentiality. We do not retain sensitive routing numbers or card details beyond what is required to verify your immediate frontline sponsorship.

5. FRONTLINE COMMUNICATIONS When you partner with us, you join the frontline. We will periodically send you ground reports and operational updates. If at any time you wish to step back from these tactical briefings, you maintain the absolute right to opt-out by contacting our team.

6. CONTACT THE COMMAND CENTER If you have any questions regarding how your data is protected or wish to update your intel, contact our ground operations center directly:

- **Command Center:** Agape Light Network

- **Address:** Chak No 204 EB, Vehari, Punjab, Pakistan
